<p>4. Details of the strategy and activity plan</p> <p>Axis description</p>	
<p>Priorities</p>	<p>In order to achieve the expected out-comes the Strategy 2016-2018 defines five priorities:</p> <ol style="list-style-type: none"> 1. Health: Increase the focus on work-related health risks. 2. Safety: Maintain and develop the advances achieved in the management of work-related safety risks. 3. Chemicals: Focus on the risks to human safety and health arising from chemicals used at work and by the general public. 4. Accreditation: Provide an impartial, internationally recognised accreditation service, responsive to market demands through the Irish National Accreditation Board.

⁷ HSA strives to motivate and influence behaviour, through providing a combination of promotion, information, education, inspection and enforcement. The Irish National Accreditation Board (INAB) provides a market-led service to accredit organisations for quality and standards in service provision.

	5. How HSA works: Continue to change and transform the way HSA works.
Details of the activity plan	Goals (copied from the strategy)
1. Increase the focus on work-related health risks	<ol style="list-style-type: none"> 1. Increase the knowledge and understanding of work-related health and welfare risks. 2. Raise awareness of the need to identify the hazards and to assess and manage occupational health risks. 3. Promote well-being and positive mental health. 4. Ensure legal compliance through proportionate enforcement. 5. Influence the EU agenda on occupational health laws and policy.
2. Maintain and develop the advances achieved in the management of work-related safety risks.	<ol style="list-style-type: none"> 1. Promote the adoption of the highest safety standards by duty holders. 2. Enable duty holders to raise safety standards through the provision of guidance, information, advice, education and risk management tools. 3. Ensure legal compliance through proportionate enforcement and market surveillance. 4. Encourage workers to take up the role of safety representative and support their active participation in the workplace. 5. Influence the EU agenda on safety laws and policy.
3. Focus on the risks to human health and safety arising from chemicals used at work and by the general public.	<ol style="list-style-type: none"> 1. Identify and prioritise for action those chemicals used at work and by the general public which pose a risk to human health and safety. 2. Enable duty holders to raise standards in the manufacture, use, trade and transport of chemicals through the provision of the chemicals helpdesk, guidance, information, advice and risk management tools. 3. Ensure legal compliance through proportionate enforcement and market surveillance. 4. Act as the lead national competent authority and regulatory expert on chemicals. 5. Influence in partnership with the Department of Jobs, Enterprise and Innovation, the national and EU agenda on chemical laws and policy, balancing health and environment protection with competitiveness, innovation and market access.
4. Provide an impartial, internationally recognised accreditation service, responsive to market demands through the Irish National Accreditation Board.	<ol style="list-style-type: none"> 1. Maintain and grow international recognition as Ireland's national accreditation body. 2. Promote and raise the awareness of the benefits of INAB accreditation. 3. Maintain and grow services to drive quality and excellence in Irish enterprise. 4. Deliver innovative and efficient services through ongoing review of resources, operations, structures and processes. 5. Build constructive working relationships with our key clients, assessors and national regulators.
5. Continue to change and transform the way we work	<ol style="list-style-type: none"> 1. Foster an environment where staff are engaged, valued and motivated, to achieve high levels of performance. 2. Deliver all services efficiently and effectively and encourage innovation in the re-design of our business processes and our use of technology. 3. Collaborate with stakeholders and influence national and international bodies, government departments and agencies, to achieve our vision.

COUNTRY	IRELAND
	<p>4. Deliver education services in safety and health through the formal education system, in the workplace and for continuous professional development, with an emphasis on e-learning.</p> <p>5. Ensure that our programmes and the allocation of resources are based on evidence, current research, analysis and evaluation.</p> <p>6. Apply the highest standards of governance to the running of the Authority and work to ensure that the Authority is adequately resourced.</p>
5. Actors and stakeholders	<p>The main actor is the HSA (Health and Safety Authority) as part of the Department of Jobs, Enterprise and Innovation. The HSA conducted a public consultation and had positive and supportive comments of other authorities, social partners and professional organisations and individuals that have been reflected in the strategy. The submissions and the Authority's response to consultation are published under the Public Consultation area of www.hsa.ie.</p> <p>HSA has in place more than 20 memoranda of understanding- bi-lateral arrangements or protocols with other state bodies. HSA also leads or participates in a number of advisory groups (agriculture, construction, healthcare, workplace transport, technical and scientific, regional) that bring together representatives from industry, unions, other state agencies, local authorities and third-level institutions.</p>
6. Resources and timeframe	<p>Annual grant provided by the Department of Jobs, Enterprise and Innovation.</p> <p>The Authority has been strongly committed to public sector reform and in this context has, through the commitment, dedication and continued engagement of its staff, delivered effective programmes of work with reduced resources (approximately 24% in personnel and budget terms)</p>
7. Evaluation/lessons learned	<p>Evaluation:</p> <p>A review of the strategy 2013-2015 is included in the new strategy 2016-2018⁸</p> <p>Progress monitoring of the annual programmes of work that implement the strategy using a range of qualitative and quantitative measures.</p> <p>Quarterly and annual reports to the Board of the Authority and the Department of Jobs, Enterprise and Innovation (DJEI). A service level agreement (SLA) with the DJEI will form the basis of periodic reports on progress to the Minister.</p> <p>Statistical evaluations. Regular updates on fatality, injury and illness rates will be supplemented with other performance measures that more fully capture the range and extent of the activities and impact.</p> <p>Assessment of the cultural and attitudinal changes over a longer timeline than the three years strategy period.</p>

<p>8. Relationship to EU Strategic Framework</p>	<p>The key strategic objectives of the Framework are broadly in line with the strategic policy being adopted by the Authority in its Strategy Statement 2016–2018. HSA particularly welcome the focus on providing practical support to small and micro enterprises to help them to comply with safety and health requirements. To support SMEs HSA has developed in the last few years online tools for interactive risk assessments. HSA will continue to put in place supports and tools to facilitate companies in achieving high levels of compliance in occupational safety, health, welfare and the safe use of chemicals.</p> <p>The priorities are related to challenge 1 of the EU-OSH Strategy (<i>Improving the implementation record of Member States, in particular by enhancing the capacity of micro and small enterprises to put in place effective and efficient risk prevention measures.</i>)</p> <p>There is a strong focus on effective performance of the public OSH institutions.</p> <p>Priority 3 has a particularly strong relation to the safe use of chemicals (mentioned on p6 of the EU-strategy)</p>
