

National strategies mapping

Country Overview

MALTA

COUNTRY	MALTA
1. Basic information	Strategy document: Strategic Plan for Occupational Health and Safety 2014-2020¹
2. Background and the perceived problem	Poor standards of OHS, industrial injuries, fatalities and occupational diseases place a large burden on the national economy. ² Focus on the construction and manufacturing sectors which are responsible for around 45% of the total number of injuries.
3. Main characteristics and objectives of the OSH-strategy (activity plan)	Vision ³ : Working with others to ensure healthier and safer workplaces in Malta. The development of a culture, which goes beyond the workplace, which adopts a holistic view of health and that values risk prevention. Appropriate preventative measures will be in place in all workplaces in Malta to minimize the possibility and severity of occupational incidents and illness. The ultimate goal is zero preventable incidents that can affect health and safety. Objective 1: Legislation, compliance and enforcement Objective 2: Capacity Building Objective 3: Communicating the benefits of OSH Objective 4: Taking appropriate action against existing and emerging risks Objective 5: Evaluating effectiveness of actions taken
4. Details of the strategy and activity plan Axis description	
Objective 1: Legislation, compliance and enforcement	Activities <ul style="list-style-type: none"> Continuous development of an effective legislative framework, achieved through the meaningful consultation of all stakeholders; Development of a consistent and transparent enforcement process model that ensures compliance with health and safety

COUNTRY	MALTA
	<p>legislation; the support of duty holders, especially SMEs to help them achieve compliance, including by the dissemination of adequate information and guidance, and the provision of advice to all who require it;</p> <ul style="list-style-type: none"> ▪ Soliciting action and initiatives by all duty holders to decrease reliance on OHS services, while ensuring the competence of services provided by 'external competent persons'.⁴ <p>Desired outcomes:</p> <ul style="list-style-type: none"> ▪ Relevant, coherent, simple, effective, legislation and policies, fully aligned with EU directives and with the reality of today's work in Malta. ▪ Employers (duty holders) who understand the value and benefits of adequate health and safety levels, and who proactively act without the need of direct intervention from the OHS through a process of self-regulation. ▪ A clearly defined structure and system of penalties ▪ Incentives for organisations which make a real effort to improve OHS in their workplaces, disincentives for those operating with uncontrolled risks or who repeatedly break the law.
<p>Objective 2: Capacity Building</p>	<p>Activities</p> <ul style="list-style-type: none"> ▪ The development of the Authority's human resources through recruitment and training, and the availability of information and tools to assist OHS Officers and other employees of the Authority. <p>Desired situation:</p> <ul style="list-style-type: none"> ▪ All workers are fully competent for the tasks assigned to them, including new and additional tasks arising as a result of EU Membership, legislative changes and changes in the world of work. <p>In order for OHS to be able to regulate and enforce OHS adequately, the OHS Authority needs to operate at full complement with all its employees being trained to a high degree of competence and proficiency.</p>
<p>Objective 3: Communicating the benefits of OHS</p>	<ul style="list-style-type: none"> ▪ seeking partnerships with all stakeholders so as to develop a preventive culture that encourages holistic approaches towards healthy lifestyles; increasing the level of awareness regarding the benefits of adequate health and safety levels; ▪ disseminating information on the evaluation of risks and their control; ▪ promoting and carrying out training. <p>Desired situation:</p> <ul style="list-style-type: none"> ▪ Employers and employees recognise their responsibility and importance in achieving a safe environment for their workers, and feel proud of a positive contribution to OHS.

⁴ Strategic Plan for Occupational Health and Safety 2014-2020, p. 5, 2015. Available at: http://ohsa.org.mt/Portals/0/Docs/PoliciesProcedures/OHSA%20Strategic%20Plan%202014_%202020.pdf

COUNTRY	MALTA
	<ul style="list-style-type: none"> Trade unions distance themselves from attempts to use ohs as a bargaining chip and understand fully the benefits of ohs. To have OHS representation in all workplaces to ensure the meaningful participation by all workers on matters that can affect their health and safety. To have established communication channels to workers, to be able to easily and efficiently build OHS awareness, as well as communicate changes in legislation and new developments in OHS.
Objective 4: Taking appropriate action against existing and emerging risks	<p>Activities</p> <ul style="list-style-type: none"> Fostering and promoting action against both traditional risks and emerging ones, based on appropriate research; Improving the quality of service provided by occupational health service providers, and improving the effectiveness of health surveillance. <p>Desired situation:</p> <ul style="list-style-type: none"> To have in place a system for the collection of comprehensive and accurate data on occupational accidents, injuries, ill-health, morbidity and fatal accidents To have medical practitioners who are fully knowledgeable of their legal responsibilities, the association between ill-health and work conditions, and who are sensitised to the different health needs of different sectors of the worker population. To have accurate detailed information about the state of play with regards to OHS in Malta and its effect on the economy. To ensure the full and equitable access to OHS preventive and protective services
Objective 5: Evaluating effectiveness of actions taken	<ul style="list-style-type: none"> Actions will be assessed against KPIs determined or adopted by the authority, whilst ensuring the efficiency of all services provided.
5. Actors and stakeholders	<p>The three main tripartite social dialogue institutions for OHS:</p> <p>The Employment Relations Board (ERB), the Malta Council for Economic and Social Development (MCESD) and the Occupational Health and Safety Authority (OHSA)</p>
6. Resources and timeframe	<p>Time frame 2014 to 2020</p>
7. Evaluation/lessons learned	<p>Evaluating effectiveness of actions taken: Actions will be assessed against KPIs determined or adopted by the Authority, whilst ensuring the efficiency of all services provided.⁵</p> <p>Quote:</p> <p>“The KPIs are a mix between ‘leading’ indicators that relate more to the progress of OHSA actions and productivity as well as the ‘lagging’</p>

⁵ Strategic Plan for Occupational Health and Safety 2014-2020, p5, 2015. Available at: http://ohsa.org.mt/Portals/0/Docs/PoliciesProcedures/OHSA%20Strategic%20Plan%202014_%202020.pdf

COUNTRY	MALTA
	<p>indicators that relate to the effect the OHSA actions are having in the workplace.</p> <p>Most KPI information is already available, through statistics and OHSA activity tracking.</p> <p>Target setting is also a critical KPI requirement – as this is the performance benchmark that each KPI is expected to achieve. Target setting is an annual process, where all targets will be agreed with the KPI 'owners'."</p>
Ex ante indicators for the years 2012 to 2020	No indicators identified
8. Relationship to EU Strategic Framework	<p>Objective 1, 2 and 3 are closely related to challenge 1 of the EU-OSH Strategy (<i>Improving the implementation record of Member States, in particular by enhancing the capacity of micro and small enterprises to put in place effective and efficient risk prevention measures.</i>)</p> <p>Objective 4 is related to Challenge 2.</p>
